## ***Some terms have specific definitions***

When we use the following term in this SPDS, we mean the definition we give here.

*Fully vaccinated* means:

- having had a COVID-19 vaccine that has been approved by the Therapeutic Goods Administration
- having followed the Therapeutic Goods Administration recommendations relating to dosage and any booster vaccine requirements
- having completed the time period between the last vaccination and when the Therapeutic Goods Administration considers a person to be fully vaccinated

If you can't be vaccinated for medical reasons, this is not *fully vaccinated* and cover will not apply.

Being below the age of eligibility to receive a vaccination means cover will apply, subject to all the terms and conditions.
